ZheltoV M. V., Doctor of Sociology, Lecturer, Kemerovo Cooperative College, Kemerovo, Russia

New Forms of Employment in the Labor Market for Graduates of Secondary Vocational Education. P. 40.

The article discusses issues related to the analysis of the labor market and modern forms of employment for graduates of the secondary vocational education system, such as self-employment. The authors examine the concept of self-employment in view of changes in the legislation of the Russian Federation; analyze the results of the questionnaire survey of college students on self-employment.

Key words: self-employment, self-employed, entrepreneurship, preparation for self-employment, professional education, readiness for self-employment.

Protas N. G., Candidate of Science in Economics, Associate Professor, Novosibirsk State University of Economics and Management, Novosibirsk, Russia, e-mail: kaf-fri-lab@nsuem.ru

Chigatova K. R., Student, Novosibirsk State University of Economics and Management, Novosibirsk, Russia, e-mail: chigatova98@mail.ru

Main Problems of Lending To Individuals in Russia. P. 45.

The credit market is one of the main factors of economic development, as it contributes to the growth of consumption and GDP. However, at present, in conditions of economic instability, various problems arise, in particular, with lending to individuals. The article discusses the problems of debt load of the Russian population, low financial literacy, low level of real disposable income, as well as the consequences of the impact of COVID-19 on the economy and the lending sector. Statistical data on the problems under study are presented. The measures applied by the state in the current conditions are insufficient; therefore it is necessary to create programs that can correct the situation on the credit market.

Key words: credit problems, consumer loan, mortgages, real disposable income, COVID-19.

Enfendzhyan V. A., Chairman of the Council of the Consumer Cooperative "SSC Ocean", Kostroma, Russia, e-mail: info@po-ocean.ru

Usova D. A., Legal Adviser, Consumer Cooperative "SSC Ocean", Kostroma, Russia, e-mail: uda@po-ocean.ru

Value-Added Tax Deductions for Share Contributions to a Cooperative by Legal Entities. P. 49.

The article is devoted to the study of making value added tax (VAT) deductions in consumer cooperatives in case of share contributions by legal entities. The authors analyze the relevant legislation and conclude that there exist some legal contradictions. The authors determine possible conditions and consequences of VAT deduction in case of share exchange, examine solutions to the problems of tax deductions disclosure in consumer cooperatives in terms of practical situations, and develop a key approach including a VAT recovery mechanism.

Key words: consumer cooperative, member, shareholder in a cooperative, share contribution, VAT deduction.

Chudakova S. A., Candidate of Science in Economics, Associate Professor, Plekhanov Russian University of Economics (Smolensk Branch), Smolensk, Russia, e-mail: chudakova-k@mail.ru

Development of Consumer Cooperation at a Modern Stage. P. 54.

Consumer cooperation improves the level of social infrastructure at the local level, develops the integration of cooperative ties between enterprises in different regions of Russia and other countries of the world, participating in the international cooperative movement of the working people. The key feature of the consumer society, which differentiates it from other forms of cooperation, is the right to distribute the profits among its members-shareholders.

Key words: cooperation, social mission, trade, organizations, shareholders.

TECHNOLOGY, QUALITY AND SAFETY OF CONSUMER GOODS

Tabala E. B., Candidate of Tech. Sciences, Associate Professor, Siberian University of Consumer Cooperation, Novosibirsk, Russia, e-mail: expertis@sibupk.nsk.su

Gulkova M. A., Student, Siberian University of Consumer Cooperation, Novosibirsk, Russia

Research of Qualitative Characteristics of Marmalade with Cranberry. P. 59.

The article presents the results of assessing the quality characteristics of cranberry marmalade of different brands (packaging, labeling, organoleptic characteristics).

Key words: marmalade, quality, cranberry.

Chernykh M. M., Doctor of Tech. Sciences, Professor, Kalashnikov Izhevsk State Technical University, Izhevsk, Russia, e-mail: tpihom@istu.ru

Zagoruiko A. A., Senior Lecturer, Kalashnikov Izhevsk State Technical University, Izhevsk, Russia, e-mail: alexzag14@gmail.com

Samarina V. S., Master's Program Student, Kalashnikov Izhevsk State Technical University, Izhevsk, Russia

Forming Glass Products by Slumping With the Use of Hemispherical Mould. P. 65.

The article discusses the methods of moulding art glass products. The authors analyze the shapes and sizes of the glass blank that determine the design of the product. It is shown that there is a need for further research to develop recommendations on the shape and size of the glass blank, mould and slumping mode.

Key words: glass, slumping, mould, glass blank, corrugating, design.

EDUCATION ISSUES

Bolortuyaa E., PhD, Teacher of Chinese, University of Humanities, Ulaanbaatar, Mongolia, e-mail: bolortuyaa8307@gmail.com

Chireykina O. Yu., Candidate of Science in Philology, Associate Professor, Siberian University of Consumer Cooperation, Novosibirsk, Russia, e-mail: ch_foreign@sibupk.nsk.su

The Role of HSK Test in Teaching Chinese in Mongolian Universities. P. 69.

The article is devoted to the problems of teaching the Chinese language in the universities of Mongolia. Particular attention is paid to the practice of passing the exam for determining the level of proficiency in the Chinese language (HSK) by students, the difficulties that arise during this testing. The authors present the results of a statistical study conducted among students of Ulaanbaatar universities who study Chinese; provide recommendations on the changes to the curriculum "Chinese language" related to introduction of the HSK test.

Key words: HSK exam, Chinese language teaching, testing, Mongolian universities.

Darkhanchimeg O., PhD Student, Mongolian State University of Education, Lecturer, University of Humanities, Darkhan, Mongolia, e-mail: darhaa2020@gmail.com

The Study of Students' Metacognitive Skills. P. 73.

The article describes a study of the metacognitive skills of students conducted on the basis of the Mongolian State University of Education. Metacognitive skills are studied in the system of student's skills to plan, exercise self-control and self-assessment of learning activities. The author shows the importance of learning in the development of metacognition of students.

Key words: metacognitive skills, metacognitive process (planning, control, conclusion).

SCIENTIFIC HERITAGE
